For All Cork County Library Users

This scheme feeds into the *Creative Ireland* programme which aims to support all members of the community in realising their creative potential.

January 2018: Call for donations of unwanted instruments from the public.

22 instruments assessed, repaired and catalogued for issuing via Sierra.

Great public response - waiting lists for some instruments.

Creative Ireland funding increased instrument numbers to 46.

Future: Expand collection, increase lending term, explore funding options, liaise with schools and community groups, music classes, library events, soundproof booths for in-library practise sessions.
